**TARGET AUDIENCE:** This program is intended for clinical and academic nephrologists, residents, students, fellows in training, internists with an interest in nephrology and renal dietitians.

**LEARNING OBJECTIVES:**

1. To explore the relationship between hyperphosphatemia and the complications of CKD.
2. To explain how hyperphosphatemia can be managed.
3. To describe how various drugs, hormones, diet and metabolic conditions affect phosphate levels in blood.
4. To address the issue of early intervention in phosphate management to prevent adverse adaptive responses.
5. To explain the basis for the current management guidelines for hyperphosphatemia in CKD.

**ACCREDITATION STATEMENTS:**

The New York Society of Nephrology (NYSN) is accredited by the Medical Society of the State of New York to sponsor continuing medical education for physicians. The NYSN designates this educational activity for a maximum of 6.0 AMA PRA Category 1 Credit (s)™. Physicians should only claim credits commensurate with the extent of their participation in the activity. The NYSN relies upon invited faculty participants in its CME programs to provide educational information that is objective and as free of bias as possible. In this spirit, and in accordance with the guidelines of the program sponsor, faculty participants are expected to indicate any commercial relationship that might be perceived as a real or apparent conflict of interest, and any discussions of off-label or investigational uses of any commercial products or devices not yet approved in the United States.

The Commission on Dietetic Registration (CDR), the credentialing agency for the American Dietetic Association, has approved this program for a maximum of 7.0 Continuing Education Units for registered dietitians.

**POLICY ON FACULTY AND SPONSOR DISCLOSURE:**

It is the policy of the Kidney & Urology Foundation of America that faculty and sponsors disclose real or apparent conflicts of interest relating to the topics of this educational activity.
