(Please list guests on reverse side)

MY GUESTS WILL BE:

PLEASE SEAT ME WITH:

Since its early beginnings, the **Kidney & Urology Foundation of America** has been at the forefront in the fight against kidney, urologic and hypertensive diseases. All of our lives, in one way or another, have been touched by the Foundation. Those efforts in research and medical therapy have changed sickness and death to life and prolonged health.

We could not accomplish these life saving activities without the help and support of many people. It is the generosity and participation of those individuals, both medical and lay, who make the work of the Foundation possible.

THE KIDNEY & UROLOGY FOUNDATION OF AMERICA IS PROUD TO HONOR:

Donald Ashkenase, MBA, Special Assistant to the President, Montefiore Medical Center, will receive the *Health Advancement Award*, for his lifelong support and personal commitment to the progress of medicine.

Stuart M. Greenstein, MD, Professor of Surgery and an Attending Surgeon at Montefiore Medical Center-Albert Einstein College of Medicine, will receive the *National Medical Award in Transplantation* and will be recognized for his lifetime dedication to his patients, his achievements in the field of renal transplantation and for his commitment to educating future generations.

Stanley J. Kogan, MD, Clinical Professor of Urology and Director of Pediatric Urology at the Children's Hospital at Montefiore, will receive the *National Medical Award in Pediatric Urology* for his lifetime of dedication to all of his patients, his commitment to improving their quality of life and for his role in the advancement of academic excellence.

The Ward Family will receive the *Circle of Life Award* for being devoted advocates of organ transplantation and will be recognized for their dedication and commitment to enhancing organ donor awareness.
